

Piyush Dilip Nemade

9370227900 | nemadepiyush4848@gmail.com | Pune, Maharashtra

Recent Electronics and Telecommunication graduate with expertise in web development, software testing, automation. Proficient in HTML5, CSS3, JavaScript, and decent knowledge of Python, C/C++. Capable of developing efficient and user-friendly websites.

EXPERIENCE

CODSOFT, *Web Developer Intern*

Oct 2024 – Nov 2024

- Currently undertaking a front-end development internship, focusing on hands-on projects that utilize HTML, CSS, JavaScript, and MySQL.
- Developed a responsive **Travel Adventure Landing Page** featuring **animations** for enhanced user engagement.
- Built an accessible **portfolio website**, showcasing skills and a variety of projects.
- Created an interactive **calculator** to enhance JavaScript proficiency and user interactivity.

PROJECTS

WEATHER APP

- Created a user-friendly weather application that displays real-time weather data based on location, enhancing my skills in API integration and responsive design.

PORTFOLIO WEBSITE

- Built a personal portfolio to display my projects and skills in a clean, accessible format.

TODO LIST APP

- Created a dynamic To-Do List app using HTML, CSS, JavaScript, featuring responsive design and local storage, promoting efficient for task management.
